# Eye-D

Versatile Handheld  
Video Magnifier

**Small Size  
Big Use!**

*More than a meaning of portability*

**Eye-D** The new handheld video magnifier presents high quality image and stable viewing, you can use **Eye-D** by both putting it flat on a surface, or unfold its handle. More than this what makes it unique and versatile is the TV-OUT function which allows **Eye-D** to connect with

any TV to transfer into larger magnification system. Ergonomic designs come with care and onsiderate solicitude, not only grow with your needs over time, but fulfill your higher demands of comfortable viewing experience!
